Transmittal of Text of DS-776 Tape

ACTION REQUIRED: Please advise whether this tape may be used.

This refers further to a recent phone conversation in which we discussed the text of a tape prepared by DS-776 on a recent visit here. This tape was to be used by TPLINGO; however, officials of this organization were concerned about the fact that Subject discusses matters pertaining to naval intelligence during the course of the transcribed talk. Although Subject explained that authorities at CASEZONE would not object to his discussing matters of this kind, TPLINGO was unwilling to release this tape without a specific approval from you after you have had the opportunity to review it. In our phone conversation you indicated you were indeed concerned about Subject's action and you desired very much to review his remarks. We are forwarding the text herewith.
